Parrish Charter Academy

Parrish Charter Academy is focused on providing a well-rounded education that addresses academic development, student leadership, and a hands-on approach through the use of Expeditionary Learning. This approach is designed to prepare students for high school and equip them with the skills and values needed for success in the future.

Parrish Charter Academy

Parrish Charter Academy is committed to providing a well-rounded education that not only focuses on academic excellence but also on personal and character development, community engagement, and the cultivation of innovation and integrity. We foster a dynamic learning environment that prepares students for success in both academic and life endeavors.

PCA is dedicated to providing academic excellence for all its students through commitment to high educational standards and ensuring that each student has the opportunity to excel academically. Our Expeditionary Learning curriculum and teaching methods are designed to stimulate students' intellectual growth and enthusiasm for learning.

We believe in fostering learning through experience and self-discovery. PCA emphasizes hands-on and experiential learning methods that encourage students to actively engage with the material. PCA aims to develop students into motivated and independently thinking individuals with an emphasis on nurturing critical thinking skills and self-motivation.

PCA embraces the vision of being a school community that actively cultivates both innovation and integrity. We encourage creativity and original thinking while maintaining a strong ethical foundation.

Finally, Parrish Charter Academy encourages a sense of service to the community by instilling a sense of social responsibility and community engagement in students.
